## **DETAILED ACTION**

### **Notice to Applicant**

1. This communication is in response to the Remarks and the Affidavit of Declaration under 37 C.F.R. 1.131 filed on 06/10/09. Claims 7-13 have been cancelled. Claim 1 has been amended. Claims 1-6 and 14-94 are pending.
2. Applicant's request for reconsideration filed on 6/10/09 with respect to claims 1-6 and 14-94 have been persuasive, therefore the previous Office Action is hereby withdrawn and a New Office Action is presenting.

### **Allowable Subject Matter**

3. Claims 1-6, and 14-94 are allowed. The following is an examiner's statement of reasons for allowance and in light of Applicant's arguments in Page 22 of the response filed on 6/10/09.

Independent claims 1, 14, 49 and 68 are directed to a centralized medical and biographical records database maintained at the central computer, said database including medical and biographical records for a plurality of individual patients, access to each of said medical and biographical records in the database being controlled by a corresponding individual patient of said plurality of patients, said central computer having a security program limiting access to the records to the patients and to health care professionals selectively authorized by the patients;

one or more patient computers situated remotely from the central computer and connected to the global network, said patient computers each executing a software program interface for patients to input medical history and biographical information into the patient medical and biographical records database and to authorize health care professionals to access at least a portion of the records of the authorizing patients; and

one or more health care computers situated remotely from the central computer and connected to the global network, said health care computers each having a software program interface for the authorized health care professionals to access the medical history and biographical information from the patient medical and biographical records database and to input additional patient medical history and biographical information into the patient medical and biographical records database.

The closest prior art of record, Lavin et al. (5,772,585) discloses system and method for managing patient medical records.

Bessette (6,263,330) discloses method and apparatus for the management of data files.

Wilkins (6,523,009) discloses individualized patient electronic medical records system.

Lliff (6,849,045) discloses computerized medical diagnostic and treatment advice system including network access.

Schoenberg (6,463,417) discloses method and system for distributing health information.

Siperco discloses personal health center (2002/0062225).

Karpf discloses computer system and method for increasing patients compliance to medical care instructions (2005/0165626).

Mayaud discloses computerized prescription system for gathering and presenting information relating to pharmaceuticals (2005/0060197).

However, none of the cited prior art fairly teaches/suggests "a centralized medical and biographical records database maintained at the central computer, said database including medical and biographical records for a plurality of individual patients, access to each of said medical and biographical records in the database being controlled by a corresponding individual patient of said plurality of patients, said central computer having a security program limiting access to the records to the patients and to health care professionals selectively authorized by the patients", as recited in claims 1, 14, 49 and 68 above.

Claims 2-6, 15-48, 50-67 and 69-94 incorporate the features of claims 1, 14, 49 and 68 through their dependencies, and are also allowed for the same reasons given above.

4. The drawings filed on 07/19/01 have been considered by the Examiner.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on

Statement of Reasons for Allowance."
